Purpose and Who We Are

The Colonial Traveling Trunk has been put together by the Tucson Chapter of the National Society of the Daughters of the American Revolution (NSDAR). We have been serving the Tucson Community since 1915.

Our organization's **mission statement** is threefold: to preserve American History, to secure America's future through better education for children, and to promote patriotism.

Our **purpose** in creating the trunk is to provide the teacher with additional educational tools that would supplement existing lesson plans on Colonial life.
